

Cheshire Extra Care Villages Scoop 5 Awards at the Cheshire Built in Quality Awards

We are delighted to announce that we have won 5 awards at the 11th Annual Cheshire local authority Built in Quality Awards. Details of the awards are as follows

- Ellesmere Port and Middlewich won an award in the category for Best Public/Community Project, so congratulations to Paul Henderson and Keith Huntington.
- Winsford and Crewe won an award in the category for Best Project for Accessibility, so congratulations to Chris Goodhall and Steve Petrie.
- We were also the overall winner in the "Special Award Category, For Consistent Quality" for extra care village developments across Cheshire – this is a great achievement and great publicity for the development and GBBS.

The evening was obviously a huge success for GB and our guests Ian Perry, Colin Rossiter, James Foster, Martin Stevenson and Mick Howarth who all thoroughly enjoyed the night.
